

RAMSES SIX SPEED MANUAL DISC DECK FOR COLLECTORS & PROFESSIONALS

The *RAMSES* includes 33, 45, and 78 rpm, a variable pitch control, and three other fixed speeds for older collectible discs. Playing records at their correct pitch becomes a simple task. Sorbothane is used internally to reduce mechanical noise. For those with a need to play vertically cut discs, a built-in switch is available as an extra-cost option. The extra-cost LN option provides ultra-low hum, and 6 dB better rumble figure. Not supplied with cartridge or styli. These may be purchased separately. Recommended for both audiophile and vintage records.

- * CUE LEVER AND MOTOR START SWITCH
- * BUILT-IN HOLDER FOR SPARE HEADSHELL
- * STANDARD CARTRIDGE HEAD SHELLS
- * LOW RUMBLE BELT-DRIVE SYSTEM
- * SETTINGS FOR ANY VINTAGE DISC
- * INCLUDES HINGED DUST COVER
- * PITCH CONTROL OF +/- 15%
- * BUILT-IN STYLUS LAMP
