

# RAMSES II CONTINUOUSLY VARIABLE SPEED BELT-DRIVE DECK

The **RAMSES II** includes 33, 45, and 78 rpm, a variable pitch control, FOUR other fixed speeds for older discs and continuous adjustment of speed from 50 to 110 rpm. Sorbothane is used internally to reduce mechanical noise. A built-in Vertical/Lateral switch is standard. Included is our 12-speed Super Strobe for speeds from 68.5 to 90 rpm. The Lo-Noise power supply provides ultra-low hum, and 6 dB less rumble. Arm height is an excellent compromise for standard 78, Pathe and Edison discs. Recommended for both audiophile and vintage records.

- \* CUE LEVER AND MOTOR START SWITCH
- \* CONTINUOUS SPEED RANGE 60 - 110 RPM
- \* VERTICAL/LATERAL SWITCH STANDARD
- \* SEVEN FIXED-SPEED SELECTIONS
- \* STANDARD CARTRIDGE HEAD SHELLS
- \* INCLUDES HINGED DUST COVER
